

# BotCoinAi – Whitepaper

## 1. Introduction

BotCoinAi is a community-driven cryptocurrency built on the Polygon blockchain, designed to merge artificial intelligence with decentralized finance. The project aims to provide users with transparent, efficient, and intelligent tools for trading, analysis, and blockchain-based decision-making.

## 2. Vision and Mission

**Vision:** To create a smart and transparent decentralized ecosystem powered by artificial intelligence that enhances decision-making and financial growth for everyone.

**Mission:** To connect the power of AI with blockchain to provide predictive analytics, automation, and community governance.

## 3. Token Utility

BOT is the native utility token of the BotCoinAi ecosystem. It serves multiple functions such as payments, rewards, governance, and staking.

## 4. Tokenomics

Category	Allocation	Description
Total Supply	1,000,000,000 BOT	Fixed maximum supply
Blockchain	Polygon (POL)	Fast, low-cost transactions
Token Type	ERC-20	Standardized smart contract
Contract Address	0x8000000000000000000000000000000000000000	Verified on Polygonscan
Community Rewards	50%	Airdrops, user incentives, DAO participation
Development Team	10%	Core team and maintenance
Marketing & Partnerships	10%	Promotion and ecosystem growth
Project Reserve	20%	Future expansion and sustainability
Liquidity Pool	10%	Added to Uniswap for stable trading

## 5. Roadmap

Phase 1: Token launch, liquidity, and website

Phase 2: AI integration

Phase 3: DAO and governance

Phase 4: Partnerships

Phase 5: Exchange listings

## 6. Team

Developed by independent blockchain and AI developers focused on transparency and innovation.

## 7. Community

The community is the backbone of BotCoinAi. Members help guide the project through decentralized governance.

## 8. Security and Transparency

Smart contracts are verified and all transactions are visible on PolygonScan. No hidden minting or blacklisting functions exist.

## 9. Conclusion

BotCoinAi merges AI and DeFi to create smarter, fairer, and autonomous systems for everyone.
